PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD MAY 14, 2004  
-----

This Proxy Statement is being mailed to shareholders of Patrick Industries, Inc. (the "Company") on or about April 9, 2004, and is furnished in connection with the Board of Directors' solicitation of proxies for the Annual Meeting of Shareholders to be held on May 14, 2004 for the purpose of considering and acting upon the matters specified in the Notice of Annual Meeting of Shareholders accompanying this Proxy Statement. If the form of proxy which accompanies this Proxy Statement is executed and returned, it may be revoked by the person giving it at any time prior to the voting thereof by written notice to the Secretary, by delivery of a later dated proxy, or by requesting to vote in person at the meeting. Additional solicitations, in person or by telephone or otherwise, may be made by certain directors, officers and employees of the Company without additional compensation. Expenses incurred in the solicitation of proxies, including postage, printing and handling, and actual expenses incurred by brokerage houses, custodians, nominees, and fiduciaries in forwarding documents to beneficial owners, will be paid by the Company.

The Annual Report to shareholders for the year ended December 31, 2003, accompanies this Proxy Statement. Additional copies of the Annual Report may be obtained by writing the Secretary of the Company.

VOTING INFORMATION

Each shareholder is entitled to one vote for each share of the Company's Common Stock held as of the record date. For purposes of the meeting, a quorum means a majority of the outstanding shares. As of the close of business on March 16, 2004, the record date for shareholders entitled to vote at the annual meeting, there were outstanding 4,676,549 shares of Common Stock, entitled to one vote each. In determining whether a quorum exists at the meeting, all shares represented in person or by proxy will be counted. A shareholder may, with respect to the election of directors, (i) vote for the election of all named director nominees, (ii) withhold authority to vote for all named director nominees, or (iii) vote for the election of all named director nominees other than any nominee with respect to whom the shareholder withholds authority to vote by so indicating in the appropriate space on the proxy. With respect to any other proposals, a shareholder may vote for, against, or abstain. Proxies properly executed and received by the Company prior to the meeting and not revoked will be voted as directed therein on all matters presented at the meeting. In the absence of a specific direction from the shareholder, proxies will be voted for the election of all named director nominees.

The Directors are elected by a plurality of the votes cast by shares present in person or by proxy at the Annual Meeting and entitled to vote. Consequently, withholding authority to vote in the election of Directors will

have no effect on the election of directors. Any other matter which may properly come before the meeting may be approved by a majority of the votes cast at a meeting at which a quorum is present. Broker non-votes will have no effect on any matter at the Annual Meeting.

The Board of Directors knows of no other matter which may come up for action at the Annual Meeting. However, if any other matter properly comes before the Annual Meeting, the persons named in the proxy form enclosed will vote in accordance with their judgment upon such matter.

1

Shareholder proposals for inclusion in proxy materials for the next Annual Meeting should be addressed to the Company's Secretary, P.O. Box 638, Elkhart, Indiana 46515, and must be received no later than Friday, December 10, 2004. In addition, the Company's By-laws require notice of any other business to be brought before a meeting by a shareholder (but not included in the proxy statement) to be delivered, in writing, to the Company's Secretary, together with certain prescribed information, not less than 90 days nor more than 110 days prior to the first anniversary of the preceding year's annual meeting. Likewise, the Articles of Incorporation and By-laws require that shareholder nominations to the Board of Directors be delivered to the Secretary, together with certain prescribed information in accordance with the procedures for bringing business before an annual meeting which directors are to be elected.

#### PROPOSED AMENDMENTS TO 1987 STOCK OPTION PROGRAM

The Company's 1987 Stock Option Program (the "Program") was adopted by the Board of Directors in 1987 and approved by the shareholders in the same year. The purpose of the Program is to attract and retain highly qualified persons as officers and key employees of the Company.

In 1994, the Program was amended to (i) extend the term of the Program to the year 2004, (ii) increase the number of shares available for grants under the Program to 600,000, (iii) change the class of eligible participants to include non-employee directors, and (iv) add a per person limitation of 50,000 shares to the number of shares which may be awarded to any participant in any year during the term of the Program to comply with the requirements of Section 162(m) of the Internal Revenue Code. In 2001, the Program was amended to increase the number of shares available for grants under the Program by 200,000 shares.

The Board of Directors has now amended the Program, subject to shareholder approval, to extend the expiration date of the Program from May 17, 2004 to May 17, 2014 and to change the non-employee director awards from bi-annual awards of 6,000 shares vesting over a two-year period to annual awards of 3,000 shares to vest over a one-year period.

The proposed amendments will permit the Company to continue to keep pace with changing trends in management compensation and make the Company competitive with those companies that offer stock incentives to attract and keep management employees and non-employee directors.

A brief summary of the Program is provided below, but is qualified in its entirety by reference to the full text of the Program that was filed electronically with this Proxy Statement with the Securities and Exchange Commission. Such text is not included in the printed version of this Proxy statement. A copy of the Program is available from the Corporation's Secretary at the address on the cover of this Proxy statement.

#### ELIGIBILITY FOR PARTICIPATION

Under the Program, the Company may grant stock options that may either be incentive stock options or non-qualified stock options, related stock appreciation rights and stock awards. Officers and other key employees of the company are eligible to participate in the Program. In addition, and in accordance with the proposed amendment, each non-employee director annually receives a restricted stock award for 3,000 shares of Common stock upon election to the Board which will vest after one year of continued service on the Board. The previous agreement called for each non-employee director to bi-annually receive a restricted stock award for 6,000 shares of Common Stock upon election to the Board which vested after two years of continued service on the Board.

#### FEDERAL TAX TREATMENT

The grant of a stock option is not a taxable event. Upon exercise of a stock option, the participant will have taxable income equal to the difference between the fair market value on the date of exercise and the exercise price.

The non-employee directors who receive restricted stock awards will not realize taxable income at the time of grant, and the Company will not be entitled to a tax deduction at the time of grant, unless any such person makes an election to be taxed at the time of grant. When the restrictions lapse, the non-employee director will recognize taxable income in an amount equal to the then fair market value of the shares. The Company will be entitled to a corresponding tax deduction.

#### OTHER INFORMATION

The closing price of the Common Stock as reported on the NASDAQ/NMS for March 16, 2004 was \$9.55 per share.

The affirmative vote of holders of a majority of the shares represented and entitled to vote at the meeting is required for approval of the amendments to the 1987 Stock Option Program. Abstentions will count as a vote against the proposal, and broker non-votes will have no effect on the proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE AMENDMENTS TO THE 1987 STOCK OPTION PROGRAM.

#### BOARD OF DIRECTORS, COMMITTEES, AND COMMITTEE REPORTS

##### BOARD OF DIRECTORS:

The Board of Directors had six regular meetings and two telephonic meetings in 2003 and all directors attended all eight meetings. Non-employee directors are paid an annual retainer of \$5,000, \$1,000 for each board meeting they attend, and \$1,000 for each committee meeting that they attend with a maximum of \$2,000 per combined event. Committee members receive an additional annual retainer of \$5,000, regardless of the number of committees on which they serve. Employee directors receive no compensation as such. On an annual basis in May, each non-employee director is automatically granted a restricted stock award for 3,000 shares of the Company's Common Stock which will vest upon such director's continued service as a member of the Board of Directors for one year or earlier upon certain events.

The Board and committees regularly meet in executive session without the presence of any management directors or representatives. Robert C. Timmins, Chair of the Audit Committee, was designated as the lead independent director for 2004 and will preside over the executive sessions of the Board.

The Corporation expects all Board members to attend the annual meeting of shareholders, but from time to time, other commitments may prevent all directors from attending each meeting. All directors attended the most recent annual meeting of shareholders, which was held on May 15, 2003.

##### INDEPENDENT DIRECTORS:

The Board of Directors is comprised of nine (9) members, of which, five (5) are classified as independent directors and thus comprise a majority of the Board. The five independent directors are Robert C. Timmins, Terrence D. Brennan, John H. McDermott, Larry D. Renbarger, and Walter E. Wells. The independent directors met 6 times in 2003.

#### CORPORATE GOVERNANCE AND NOMINATIONS COMMITTEE PROCESSES

The Corporate Governance and Nominations Committee will consider board nominees recommended by shareholders. Those recommendations should be sent to the Chair of the Corporate Governance and Nominations Committee, care of the Corporate Secretary of Patrick Industries, Inc., P.O. Box 638, Elkhart, IN 46515. In order for a shareholder to nominate a candidate for director, under the Company's By-Laws, timely notice of the nomination must be given in writing to the Secretary of the Company. To be timely, such notice must be received at the principal executive offices of the Company not less than 90 days, nor more than 110 days prior to the next annual meeting of shareholders. Notice of nomination must include the name, address and number of shares owned by the person submitting the nomination; the name, age, business address, residence address and principal occupation of the nominee; and the number of shares beneficially owned by the nominee. It must also include the information that would be required to be disclosed in the solicitation of proxies for election of directors under the federal securities laws, as well as whether the individual can understand basic financial statements and the candidate's other board memberships (if any). The nominee's consent to be elected and serve must be submitted. The Corporate Governance and Nominations Committee may require any nominee to furnish any other information, within reason, that may be needed to determine the eligibility of the nominee. As provided in its Charter, the Corporate Governance and Nominations Committee will follow procedures which the committee deems reasonable and appropriate in the identification of candidates for election to the board and evaluating the background and qualification of

those candidates. Those processes include consideration of nominees suggested by an outside search firm, by incumbent board members and by shareholders. The committee will seek candidates having experience and abilities relevant to

serving as a director of the Company, and who represent the best interests of shareholders as a whole and not any specific group or constituency.

The committee will consider a candidate's qualifications and background, including, but not limited to responsibility for operating a public company or a division of a public company, international business experience, a candidate's technical background or professional qualification and any other public company boards on which the candidate is a director. The committee will also consider whether the candidate would be "independent" for purposes of the NASDAQ National Market and rules and regulations of the Securities Exchange Commission. The committee may from time to time engage the service of a professional search firm to identify and evaluate potential nominees.

#### AUDIT COMMITTEE:

The Board of Directors has an Audit Committee comprised of Terrence D. Brennan, Walter E. Wells, John H. McDermott, Robert C. Timmins, and Larry D. Renbarger who are not employees of the Company. The Audit Committee's responsibilities include recommending to the Board of Directors the independent accountants to be employed for the purpose of conducting the annual examination of the Company's financial statements, discussing with the independent accountants the scope of their examination, reviewing the Company's financial statements and the independent accountants' report thereon with Company personnel and the independent accountants, and inviting the recommendations of the independent accountants regarding internal controls and other matters. Additionally, the Audit Committee is responsible for approving all non-audit services provided by the independent accountants and reviews these engagements on a per occurrence basis.

All of the members of the Audit Committee are independent as defined in the Nasdaq listing standards and Robert C. Timmins, Larry, D. Renbarger, Terrence D. Brennan, and Walter E. Wells all meet the qualifications required to be an audit committee financial expert. Robert Timmins and Larry Renbarger both have public accounting backgrounds. Terrence Brennan served as the President of NBD Bank in Elkhart, Indiana and Walter Wells was the President and Chief Executive Officer of Schult Homes. The Audit Committee met six times in 2003. The Audit Committee Charter is attached in Exhibit A to this Document.

#### COMPENSATION COMMITTEE:

The Board of Directors has a Compensation Committee comprised of Terrence D. Brennan, John H. McDermott, Larry D. Renbarger, Robert C. Timmins, and Walter E. Wells which met four times in 2003. The primary responsibilities of this committee include:

#### AUDIT COMMITTEE REPORT

The responsibilities of the Audit Committee, which are set forth in the Audit Committee Charter adopted by the Board of Directors, include providing oversight to the Company's financial reporting process through periodic meetings with the Company's independent auditors, principal accounting officer, and

management to review accounting, auditing, internal controls, and financial reporting matters. The management of the Company is responsible for the preparation and integrity of the financial reporting information and related systems of internal controls. The Audit Committee, in carrying out its role, relies on the Company's senior management, including senior financial management, and its independent auditors.

We have reviewed and discussed with senior management the Company's audited financial statements included in the 2003 Annual Report to Shareholders. Management has confirmed to us that such financial statements (i) have been prepared with integrity and objectivity and are the responsibility of management and (ii) have been prepared in conformity with generally accepted accounting principles.

We have discussed with McGladrey & Pullen, LLP, our independent auditors, the matters required to be discussed by SAS 61 (Communications with Audit Committee). SAS 61 requires our independent auditors to provide us with additional information regarding the scope and results of their audit of the Company's financial statements, including with respect to (i) their responsibility under generally accepted auditing standards, (ii) significant accounting policies, (iii) management judgements and estimates, (iv) any significant audit adjustments, (v) any disagreements with management, and (vi) any difficulties encountered in performing the audit.

We have received from McGladrey & Pullen, LLP a letter providing the disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) with respect to any relationships between McGladrey & Pullen, LLP and the Company that in their professional judgment may reasonably be thought to bear on independence. McGladrey & Pullen, LLP has discussed its independence with us, and has confirmed in such letter that, in its professional judgment, it is independent of the Company within the meaning of the federal securities laws.

Based on the review and discussions described above with respect to the Company's audited financial statements included in the Company's 2003 Annual Report to Shareholders, we have recommended to the Board of Directors that such financial statements be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

As specified in the Audit Committee Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles. That is the responsibility of management and the Company's independent auditors. In giving our recommendation to the Board of Directors, we have relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles, and (ii) the report of the Company's independent auditors with respect to such financial statements.

#### COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

This report of the Compensation Committee and the following Performance Graph shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

#### OVERVIEW

The Committee policy is to design compensation programs for salaries, incentive bonus programs, other benefits, and long-term incentive programs for all key executives, including the officers named in the Summary Compensation Table. The goals and objectives of the Committee are to attract and retain top quality management employees and ensure that an appropriate relationship exists between executive pay and the creation of shareholder value. The criteria used to determine the compensation of the Chief Executive Officer will also be used

in determining compensation for the other officers. The Committee will also receive the recommendation of the Chief Executive Officer regarding the compensation of the other officers.

Federal tax law imposes a \$1 million limit on the tax deduction for certain executive compensation payments. Because the compensation paid to any executive office is significantly below the \$1 million threshold, the Compensation Committee has not yet had to address the issues relative thereto.

## SALARIES

The executive salaries are reviewed annually. The Committee sets executive salaries based on competitive market levels, experience, individual and company performance, levels of responsibility, and pay practices of other companies relating to executives of similar responsibility. The Committee considered the compensation levels of executives at comparable companies and fixed the compensation for the CEO and other executive officers at levels approximating the midrange of such companies. The Committee includes in its consideration comparable companies listed in the CRSP Index for lumber and wood products and other in building products industries. See "Performance Graph."

## ANNUAL INCENTIVE

The Company provides an annual bonus plan for executive officers that gives them the opportunity to earn additional compensation based on the performance of the Company. The Chief Executive Officer and the other officers share in this program to achieve certain bonus amounts based on various levels of profitability of the Company.

## COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Neither David D. Lung, former President and Chief Executive Officer of the Company, nor Keith V. Kankel, Interim President and Chief Executive Officer of the Company participated in the final decisions with respect to their compensation. John H. McDermott is of counsel to the Chicago, Illinois law firm of McDermott, Will & Emery which provides various legal services to the Company.

## CERTAIN TRANSACTIONS

The Company leased a distribution warehouse and various facilities for its manufacturing operations from Mervin D. Lung, the Company's Chairman Emeritus, until May 2002 when it was purchased from Mervin D. Lung for \$2,000,000. The Company also leases two buildings from Mr. Lung used for distribution and manufacturing, under an agreement expiring on September 30, 2004, with an option to renew for five years. The agreement provides for monthly rental of \$25,029, and the payment of property taxes and insurance premiums on the property. The Company also leases a manufacturing facility from Mr. Lung under an agreement that expires on August 31, 2005 and the agreement provides for monthly rentals of \$9,146, and the payment of property taxes and insurance premiums on the property. The Company also leases three manufacturing facilities from Mr. Lung under agreements that expire on March 31, 2004 and July 31, 2004. The agreements provide for monthly rentals of \$23,410, and the payment for property taxes and insurance premiums on the property. These agreements provide for an option to renew on a month to month basis. The Company also leases an aircraft from Mr. Lung under an agreement that expires on October 31, 2004. The agreement provides for monthly rentals of \$10,000, and the payment of insurance premiums and maintenance on the aircraft.

Mr. Lung owns a building supply firm which does not serve the Manufactured Housing and Recreational Vehicle industries. The Company purchases certain specialty items from and sells products to such firm. During the year ended December 31, 2003, purchases from such firm totaled \$62,837 and sales to such firm totaled \$24,428.

The Company believes that the terms of each of the above transactions are at least as favorable as those which could have been obtained from unrelated parties.

PATRICK INDUSTRIES, INC.  
1987 STOCK OPTION PROGRAM  
AS AMENDED AND RESTATED

1. Purpose. The purpose of Patrick Industries, Inc. 1987 Stock Option Program (the "Program") is to attract and retain outstanding individuals as officers and key employees of Patrick Industries, Inc. (the "Company") and its subsidiaries, and to furnish incentives to such persons by providing such persons opportunities to acquire Common Stock of the Company, or monetary payments based on the value of such stock, or both, on advantageous terms as herein provided. The Program will also enable the Company to attract and keep non-employee directors.

2. Administration. The Program will be administered by a committee (the "Committee") consisting of not less than three (3) members of the Board of Directors who shall not be eligible to participate in the Program at the time of Committee action or at any time within one (1) year prior thereto. The Committee shall interpret the Program, prescribe, amend and rescind rules and regulations relating hereto and make all other determinations necessary or advisable for the administration of the Program. A majority of the members of the Committee shall constitute a quorum and all determinations of the Committee shall be made by a majority of its members. Any determination of the Committee under the Program may be made without notice or meeting of the Committee by a writing signed by a majority of the Committee members.

3. Participants. (a) Participants in the Program will consist of such officers or other key employees of the Company and its subsidiaries as the Committee in its sole discretion may designate from time to time to receive benefits ("Benefits") under the Program. The Committee's designation of a participant in any year shall not require the Committee to designate such person to receive a Benefit in any other year. The Committee shall consider such factors as it deems pertinent in selecting participants and in determining the type and amount of their respective Benefits, including without limitation (i) the financial condition of the Company; (ii) anticipated profits for the current or future years; (iii) contributions of participants to the profitability and development of the Company; and (iv) other compensation provided to participants.

The maximum number of shares of Common Stock which shall be available for the award of Benefits to any participant in any fiscal year of the Company shall not exceed 50,000 shares.

If there is a lapse, expiration, termination or cancellation of any Benefit granted hereunder without the issuance of shares or payment of cash thereunder, or if shares are issued under any Benefit and thereafter are acquired by the Company pursuant to rights reserved upon the issuance thereof, the shares subject to or reserved for such Benefit may again be used for new Benefits under this Program; provided, however, that in no event may the number of shares of Common Stock issued under this Program exceed the total number of shares reserved for issuance hereunder.

6. Incentive Stock Options. Incentive Stock Options will consist of options to purchase Common Stock at purchase prices not less than one hundred percent (100%) of the fair market value of such stock on the date of grant. Incentive Stock Options will be exercisable over not more than ten (10) years after date of grant and shall terminate not later than three (3) months after termination of employment for any reason other than disability, retirement or death. In the event of termination of employment by reason of disability or retirement, the right of the optionee to exercise an Incentive Stock Option shall terminate not later than twelve (12) months after such termination of employment. If the optionee should die while employed, within twelve (12) months after termination of employment by reason of disability or retirement, or within three (3) months after any other termination of employment, the right of the optionee or his or her successor in interest to exercise an Incentive Stock Option shall terminate not later than twelve (12) months after the date of death. 9. Stock Awards. Stock Awards will consist of Common Stock transferred to participants without other payment therefor as additional compensation for services to the Company and its subsidiaries. Stock Awards shall be subject to such terms and conditions as the Committee determines appropriate, including, without limitation, restrictions on the sale or other disposition of such shares and rights of the Company to reacquire such shares upon termination of the participant's employment within specified periods.

Each Benefit granted under this Program shall not be transferable other than by will or the laws of descent and distribution, and shall be exercisable, during the participant's lifetime, only by the participant or the participant's guardian or legal representative. Notwithstanding the foregoing, at the discretion of the Committee, an award of a Benefit may permit the transferability of a Benefit by a participant solely to members of the participant's immediate family or trusts or family partnerships

3

for the benefit of such persons, subject to any restriction included in the award of the Benefit.

11. Other Provisions. The award of any Benefit under the Program may also be subject to other provisions (whether or not applicable to the Benefit awarded to any other participant) as the Committee determines appropriate, including, without limitation, provisions for the purchase of Common Stock under stock options in installments, provisions for the payment of the purchase price of shares under stock options by delivery of other shares of Common Stock of the Company having a then fair market value equal to the purchase price of such shares, provisions for the acceleration of exercisability of Benefits in the event of change of control of the Company, such provisions as may be appropriate to comply with federal or state securities laws and stock exchange requirements and understandings or conditions as to the participant's employment in addition to those specifically provided for under the Program.

12. Term of Program and Amendment, Modification or Cancellation of Benefits. No Benefit shall be granted after May 17, 2004; provided, however, that the terms and conditions applicable to any Benefits granted prior to such date may at any time be amended, modified or cancelled by mutual agreement between the Committee and the participant or such other persons as may then have an interest therein, so long as any amendment or modification does not increase the number of shares of Common Stock issuable under this Program.

13. Taxes. The Company shall be entitled to withhold the amount of any tax attributable to any amount payable or shares deliverable under the Program after giving the person entitled to receive such amount or shares notice as far in advance as practicable, and the Company may defer making payment or delivery if any such tax may be pending unless and until indemnified to its satisfaction. When a person is required to pay to the Company an amount required to be withheld under applicable tax laws in connection with exercises of Non-qualified Stock Options or other Benefits under the Plan, the Committee may, in its discretion and subject to such rules as it may adopt, permit such person to satisfy the obligation, in whole or in part, by electing to have the Company withhold shares of Common Stock having a fair market value equal to the amount required to be withheld. The election must be made on or before the date that the amount of tax to be withheld is determined.

14. Fair Market Value. The fair market value of the Company's Common Stock at any time shall be determined in such manner as the Committee may deem equitable or required by applicable laws or regulations.

15. Adjustment Provisions.

(a) If the Company shall at any time change the number of issued shares of Common Stock without new consideration to the Company (such as by stock dividends or stock splits), the total number of shares reserved for issuance under this Program and the number of shares covered by each outstanding Benefit shall be adjusted so that the aggregate consideration payable to the Company and the value of each such Benefit shall not be changed. The Committee may also provide for the continuation of Benefits or for other equitable adjustments after changes in the Common Stock resulting from reorganization, sale, merger, consolidation or similar occurrence.

4

(b) Notwithstanding any other provision of this Program, and without affecting the number of shares otherwise reserved or available hereunder, the Committee may authorize the issuance or assumption of Benefits in

connection with any merger, consolidation, acquisition of property or stock, or reorganization upon such terms and conditions as it may deem appropriate.

(c) In the case of any merger, consolidation or combination of the Company with or into another corporation, other than a merger, consolidation or combination in which the Company is the continuing corporation and which does not result in the outstanding Common Stock being converted into or exchanged for different securities, cash or other property, or any combination thereof (an "Acquisition"):

(i) any participant to whom a stock option has been granted under the Program shall have the right (subject to the provisions of the Program and any limitation applicable to such option) thereafter and during the term of such option, to receive upon exercise thereof the Acquisition Consideration (as defined below) receivable upon such Acquisition by a holder of the number of shares of Common Stock which might have been obtained upon exercise of such option or portion thereof, as the case may be, immediately prior to such Acquisition;

(ii) any participant to whom a Stock Appreciation Right has been granted under the Program shall have the right (subject to the provisions of the Program and any limitation applicable to such right) thereafter and during the term of such right to receive upon exercise thereof the difference between the aggregate Fair Market Value on the applicable date (as set forth in such right) of the Acquisition Consideration receivable upon such Acquisition by a holder of the number of shares of Common Stock which might have been obtained upon exercise of the option related thereto or any portion thereof, as the case may be, immediately prior to such Acquisition and the aggregate option price of such option.

The term "Acquisition Consideration" shall mean the kind and amount of shares of the surviving or new corporation, cash, securities, evidence of indebtedness, other property or any combination thereof receivable in respect of one share of Common Stock of the Company upon consummation of an Acquisition.

16. Amendment and Termination of Program. The Board of Directors of the Company may amend the Program from time to time or terminate the Program at any time, but no such action shall reduce the then existing amount of any participant's Benefit or adversely change the terms and conditions thereof without the participant's consent. However, except for adjustments expressly provided for herein, no amendment may (i) materially increase the Benefits accruing to participants, (ii) materially increase the number of shares which may be issued, or (iii) materially modify the requirements as to eligibility for participation in the Program.

5

17. Shareholder Approval. The Program as amended was restated by the Board of Directors of the Company on February 10, 1994. The Program as amended and restated and any Benefits relating to the amendments granted thereunder shall be null and void if shareholder approval is not obtained within twelve (12) months of the restatement of the Program by the Board of Directors.

EXHIBIT A

-----

A "Change in Control" shall be deemed to have occurred on the first date on which either (i) any "person" (as that term is used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")), other than Mervin D. Lung and his affiliates and associates, becomes the "beneficial owners" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing at least 25% of the combined voting power of the Company's then outstanding securities, or (ii) a majority of the individuals comprising the Company's Board of Directors have not served in that capacity for the entire two-year period immediately preceding such date, or (iii) a change occurs of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A, promulgated under the Exchange Act or any successor disclosure item; provided, however, that if the transaction, transactions or elections shall have been approved by the affirmative vote of a majority of the Continuing Directors, a Change in Control shall not be deemed to have occurred to the extent so provided by the affirmative vote of a majority of those Continuing Directors.
