PROXY STATEMENT

Annual Meeting of Shareholders

To Be Held May 11, 2006

This Proxy Statement is being mailed to shareholders of Patrick Industries, Inc. (the "Company") on or about April 7, 2006, and is furnished in connection with the Board of Directors' solicitation of proxies for the Annual Meeting of Shareholders to be held on May 11, 2006 for the purpose of considering and acting upon the matters specified in the Notice of Annual Meeting of Shareholders accompanying this Proxy Statement. If the form of proxy which accompanies this Proxy Statement is executed and returned, it may be revoked by the person giving it at any time prior to the voting thereof by written notice to the Secretary, by delivery of a later dated proxy, or by requesting to vote in person at the meeting. Additional solicitations, in person or by telephone or otherwise, may be made by certain directors, officers, and employees of the Company without additional compensation. Expenses incurred in the solicitation of proxies, including postage, printing and handling, and actual expenses incurred by brokerage houses, custodians, nominees, and fiduciaries in forwarding documents to beneficial owners, will be paid by the Company.

The Annual Report to shareholders for the year ended December 31, 2005, accompanies this Proxy Statement. Additional copies of the Annual Report may be obtained by writing the Secretary of the Company.

VOTING INFORMATION

Each shareholder is entitled to one vote for each share of the Company's Common Stock held as of the record date. For purposes of the meeting, a quorum means a majority of the outstanding shares. As of the close of business on March 17, 2006, the record date for shareholders entitled to vote at the Annual Meeting, there were outstanding 4,748,198 shares of Common Stock entitled to one vote each. In determining whether a quorum exists at the meeting, all shares represented in person or by proxy will be counted. A shareholder may, with respect to the election of directors, (i) vote for the election of all named director nominees, (ii) withhold authority to vote for all named director nominees, or (iii) vote for the election of all named director nominees other than any nominee with respect to whom the shareholder withholds authority to vote by so indicating in the appropriate space on the proxy. With respect to the other proposals, a shareholder may vote for, against, or abstain. Proxies properly executed and received by the Company prior to the meeting and not revoked will be voted as directed therein on all matters presented at the meeting. In the absence of a specific direction from the shareholder, proxies will be voted for the election of all named director nominees, for the proposal to reinstate the full voting rights of Tontine Capital Partners, L.P. common stock (the "Reinstatement Proposal"), and for the proposed amendment to the Company's 1987 Stock Option Program (the "Stock Option Program Proposal").

The Directors are elected by a plurality of the votes cast by shares present in person or by proxy at the Annual Meeting and entitled to vote. Consequently, withholding authority to vote in the election of Directors will have no effect on the election of directors. The Reinstatement Proposal requires the approval of a majority of the outstanding shares and the Stock Option Program Proposal requires the approval of a majority of the votes cast at a meeting at which a quorum is present. A broker non-vote occurs when a broker holding shares registered in street name is permitted to vote, in the broker's discretion, on routine matters without receiving instructions from the client, but is not permitted to vote without instructions on non-routine matters, and the broker returns a proxy card with no vote on the non-routine matter. Under the rules and regulations of the primary trading markets applicable to most brokers, the election of directors is a routine matter on which a broker has the discretion to vote if instructions are not received from the client in a timely manner. Broker non-votes will have no effect the election of directors or the approval of the Stock Option Program Proposal. A broker non-vote will have the effect of a vote against the Reinstatement Proposal. An abstention will have the effect of a vote against both proposals.

The Board of Directors knows of no other matter which may come up for action at the Annual Meeting. However, if any other matter properly comes before the Annual Meeting, the persons named in the proxy form enclosed will vote in accordance with their judgment upon such matter.

Shareholder proposals for inclusion in proxy materials for the next Annual Meeting should be addressed to the Company's Secretary, P.O. Box 638, Elkhart, Indiana 46515-0638, and must be received no later than Friday, December 8, 2006. In addition, the Company's By-laws require notice of any other business to be brought before a meeting by a shareholder (but not included in the proxy statement) to be delivered, in writing, to the Company's Secretary, together with certain prescribed information, not less than 90 days nor more than 110 days prior to the first anniversary of the preceding year's annual meeting. Likewise, the Articles of Incorporation and By-laws require that shareholder nominations to the Board of Directors be delivered to the Secretary, together with certain prescribed information in accordance with the procedures for bringing business before an Annual Meeting which directors are to be elected.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires that certain of the Company's officers, its directors and 10% shareholders file with the Securities and Exchange Commission and NASDAQ an initial statement of beneficial ownership and certain statements of changes in beneficial ownership of Common Stock of the Company. Based solely on its review of such forms received by the Company and written representation from the directors and officers that no other reports were required, the Company is unaware of any instances of noncompliance or late compliance with such filings during the fiscal year ended December 31, 2005, except for Harold E. Wyland who was late in filing one Form 4 covering one transaction.

ELECTION OF DIRECTORS

The Board of Directors is divided into three classes, with the members of each class serving staggered three-year terms. Accordingly, at the 2006 Annual Meeting three directors will be elected to hold office until the 2009 Annual Meeting or until their successors are duly elected and qualified.

It is intended that the proxies will be voted for the nominees listed below, unless otherwise indicated on the proxy form. APPROVAL OF CONTROL SHARE ACQUISITION

On September 12, 2005, Tontine Capital Partners, L.P. (the "Partnership") purchased 890,221 shares of common stock of the Company from Mervin and Dorothy Lung (the "Control Shares"). As a result of the purchase, Jeffrey L. Gendell, Tontine Capital Partners, L.P. and Tontine Capital Management L.L.C., along with their affiliates or associates (collectively, "Tontine") own 1,313,089 shares or 27.2% of the outstanding common stock of the Company.

Since the acquisition of the Control Shares increased Tontine's total share ownership to more than one-fifth but less than one-third of all voting power, under the Indiana Business Corporation Law, the Control Shares held by Tontine will have voting rights only to the extent granted by the resolution approved by the shareholders of the Company.

In order to restore full voting rights to the Control Shares, the Board of Directors of the Company recommends a vote **FOR** the following resolutions:

RESOLVED, that pursuant to Section 23-1-42-9 of the Indiana Business Corporation Law, the 890,221 shares of common stock of the Company acquired from Mervin and Dorothy Lung and held by Tontine Capital Partners, L.P. ("Partnership") be and hereby are accorded the same voting rights as all other shares of common stock of the Company, and that any and all restrictions of such voting rights arising from the status of such shares as "control shares" under the Indiana Business Corporation Law shall not apply; and

RESOLVED, that pursuant to Section 23-1-42-9 of the Indiana Business Corporation Law, any additional shares of common stock of the Company beneficially owned or acquired by the Partnership and/or its affiliates and successors, to the extent that the Partnership's aggregate ownership of common stock represents less than thirty percent (30%) of the Company's outstanding common stock, be and hereby are accorded the same voting rights as all other shares of common stock of the Company, and that any and all restrictions of such voting rights arising from the status of such shares as "control shares" under the Indiana Business Corporation Law shall not apply.

The foregoing resolutions must be adopted by the affirmative vote of the holders of a majority of all the outstanding common stock of the Company entitled to vote excluding interested shares. Under the Indiana Business Corporation Law, all shares held by Tontine, as well as any shares held by officers of the Company or by anyone who is an employee as well as a director of the Company, are interested shares and will not be entitled to vote on this resolution. Abstentions and broker non-votes will count as a vote against the proposal.

The Partnership is a Delaware limited partnership which operates as a private investment partnership. The general partner of the Partnership is Tontine Capital Management, L.L.C., a Delaware limited liability company (the "General Partner"). Jeffrey L. Gendell is the managing member of the General Partner. According to the Schedule 13D filed by the Partnership, its investment objective is to achieve superior after-tax capital appreciation through investments that primarily focus on small capitalization companies. The General Partner's investment approach emphasizes value investing and is based primarily on its industry research, analysis of company financial documents and discussions with company management. Tontine has delivered an acquiring person statement to the Company as permitted under Section 23-1-42-6 of the Indiana Business Corporation Law. A copy of the acquiring person statement is attached as Appendix A to this proxy statement.

Under the Company's Rights Agreement, Tontine's ownership of shares of the Company's common stock will not constitute a Triggering Event to the extent that Tontine's ownership of common stock represents less than 30% of the outstanding common stock of the Company. The Company is a party to a registration rights agreement with Tontine, which provides that, during the two year period following the September 12, 2005 acquisition date, Tontine may demand that the Company may register for resale the shares owned by Tontine or its affiliates of a Form S-3 Registration Statement, subject to certain exceptions as provided in the Agreement. In addition, as long as Tontine beneficially owns more than 8.86% of the outstanding common stock of the Company, Tontine is entitled to piggy-back registration rights in the event that the Company files a registration statement with the Securities and Exchange Commission subject to certain exceptions as provided in the Agreement.

The Board of Directors unanimously recommends a vote FOR this Proposal, and your proxy will be so voted, unless you specify otherwise.

PROPOSED AMENDMENTS TO 1987 STOCK OPTION PROGRAM

The Company's 1987 Stock Option Program (the "Program") was adopted by the Board of Directors in 1987 and approved by the shareholders in the same year. The purpose of the Program is to attract and retain highly qualified persons as officers and key employees of the Company.

In 1994, the Program was amended to (i) extend the term of the Program to the year 2004, (ii) increase the number of shares available for grants under the Program to 600,000, (iii) change the class of eligible participants to include non-employee directors, and (iv) add a per person limitation of 50,000 shares to the number of shares which may be awarded to any participant in any year during the term of the Program to comply with the requirements of Section 162(m) of the Internal Revenue Code. In 2001, the Program was amended to increase the number of shares available for grants under the Program by 200,000 shares. In 2004 the Program was amended to extend the expiration date of the Program from May 17, 2004 to May 17, 2014 and to change the non-employee director awards from bi-annual awards of 6,000 share vesting over a two-year period to annual awards of 3,000 shares to vest over a one-year period.

The Board of Directors has now amended the Program, subject to shareholder approval, to increase the number of shares available for grants under the program by 500,000 shares.

The proposed amendments will permit the Company to continue to keep pace with changing trends in management compensation and make the Company competitive with those companies that offer stock incentives to attract and keep management employees and non-employee directors.

A brief summary of the Program is provided below, but is qualified in its entirety by reference to the full text of the Program on file with the Securities and Exchange Commission. A copy of the Program is available from the Corporation's Secretary at the address on the cover of this Proxy statement.

Eligibility for Participation

Under the Program, the Company may grant stock options that may either be incentive stock options or non-qualified stock options, related stock appreciation rights and stock awards. Officers and other key employees of the company are eligible to participate in the Program. In addition each non-employee director annually receives a restricted stock award for 3,000 shares of Common stock upon election to the Board which will vest after one year of continued service on the Board.

Federal Tax Treatment

The grant of a stock option is not a taxable event. Upon exercise of a stock option, the participant will have taxable income equal to the difference between the fair market value on the date of exercise and the exercise price.

The non-employee directors who receive restricted stock awards will not realize taxable income at the time of grant, and the Company will not be entitled to a tax deduction at the time of grant, unless any such person makes an election to be taxed at the time of grant. When the restrictions lapse, the non-employee director will recognize taxable income in an amount equal to the then fair market value of the shares. The Company will be entitled to a corresponding tax deduction.

Other Information

A new benefits table is not provided because no grants have been made in 2006 under the Program and all benefits are discretionary. The closing price of the Common Stock as reported on the NASDAQ/NMS for March 17, 2005 was \$9.55 per share.

The affirmative vote of holders of a majority of the shares represented and entitled to vote at the meeting is required for approval of the amendments to the 1987 Stock Option Program. Abstentions will count as a vote against the proposal, and broker non-votes will have no effect on the proposal.

The Board of Directors unanimously recommends a vote FOR approval of the amendments to the 1987 Stock Option Program.

The Company's management cautions shareholders and option holders that such increases in stock prices are based on speculative assumptions and should not inflate expectations of the future value of their holdings.

Board of Directors:

The Board of Directors had four regular meetings and four special conference calls in 2005 and all directors attended all meetings except John H. McDermott and Paul E. Hassler, in which they participated in two of the special conference calls. Non-employee directors are paid an annual retainer of \$5,000, \$1,000 for each board meeting and conference call they attend, and \$1,000 for each committee meeting they attend with a maximum of \$2,000 per combined event. Committee members receive an additional annual retainer of \$5,000, regardless of the number of committees on which they serve. The lead director receives an additional annual retainer of \$5,000. Employee directors receive no compensation as such. On an annual basis in May, each non-employee director is automatically granted a restricted stock award for 3,000 shares of the Company's Common Stock which will vest upon such director's continued service as a member of the Board of Directors for one year or earlier upon certain events.

The Board and committees regularly meet in executive session without the presence of any management directors or representatives. Robert C. Timmins, Chair of the Audit Committee, was designated as the lead independent director for 2005 and will preside over the executive sessions of the Board.

The Corporation expects all Board members to attend the Annual Meeting of shareholders, but from time to time, other commitments may prevent all directors from attending each meeting. All directors attended the most recent Annual Meeting of shareholders, which was held on May 11, 2005.

Independent Directors:

Corporate Governance and Nominations Committee Processes

The Corporate Governance and Nominations Committee will consider board nominees recommended by shareholders. Those recommendations should be sent to the Chair of the Corporate Governance and Nominations Committee, care of the Corporate Secretary of Patrick Industries, Inc., P.O. Box 638, Elkhart, IN 46515-0638. In order for a shareholder to nominate a candidate for director, under the Company's By-Laws, timely notice of the nomination must be given in writing to the Secretary of the Company. To be timely, such notice must be received at the principal executive offices of the Company not less than 90 days, or more than 110 days prior to the next annual meeting of shareholders. Notice of nomination must include the name, address and number of shares owned by the person submitting the nomination; the name, age, business address, residence address, and principal occupation of the nominee; and the number of shares beneficially owned by the nominee. It must also include the information that

would be required to be disclosed in the solicitation of proxies for election of directors under the federal securities laws, as well as whether the individual can understand basic financial statements and the candidate's other board memberships (if any). The nominee's consent to be elected and serve must be submitted. The Corporate Governance and Nominations Committee may require any nominee to furnish any other information, within reason, that may be needed to determine the eligibility of the nominee. As provided in its Charter, the Corporate Governance and Nominations Committee will follow procedures which the committee deems reasonable and appropriate in the identification of candidates for election to the board and evaluating the background and qualification of those candidates. Those processes include consideration of nominees suggested by an outside search firm, by incumbent board members, and by shareholders. The committee will seek candidates having experience and abilities relevant to serving as a director of the Company, and who represent the best interests of shareholders as a whole and not any specific group or constituency.

The committee will consider a candidate's qualifications and background, including, but not limited to, responsibility for operating a public company or a division of a public company, international business experience, a candidate's technical background or professional qualification, and any other public company boards on which the candidate is a director. The committee will also consider whether the candidate would be "independent" for purposes of the NASDAQ National Market and rules and regulations of the Securities Exchange Commission. The committee may, from time to time, engage the service of a professional search firm to identify and evaluate potential nominees.

AUDIT COMMITTEE REPORT

The responsibilities of the Audit Committee, which are set forth in the Audit Committee Charter adopted by the Board of Directors, include providing oversight to the Company's financial reporting process through periodic meetings with the Company's independent auditors, principal accounting officer, and management to review accounting, auditing, internal controls, and financial reporting matters. The management of the Company is responsible for the preparation and integrity of the financial reporting information and related systems of internal controls. The Audit Committee, in carrying out its role, relies on the Company's senior management, including senior financial management, and its independent auditors.

We have reviewed and discussed with senior management the Company's audited financial statements included in the 2005 Annual Report to Shareholders. Management has confirmed to us that such financial statements (i) have been prepared with integrity and objectivity and are the responsibility of management and (ii) have been prepared in conformity with generally accepted accounting principles.

We have discussed with McGladrey & Pullen, LLP, our independent auditors, the matters required to be discussed by SAS 61 (Communications with Audit Committee). SAS 61 requires our independent auditors to provide us with additional information regarding the scope and results of their audit of the Company's financial statements, including with respect to (i) their responsibility under generally accepted auditing standards, (ii) significant accounting policies, (iii) management judgments and estimates, (iv) any significant audit adjustments, (v) any disagreements with management, and (vi) any difficulties encountered in performing the audit.

We have received from McGladrey & Pullen, LLP a letter providing the disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) with respect to any relationships between McGladrey & Pullen, LLP and the Company that in their professional judgment may reasonably be thought to bear on independence. McGladrey & Pullen, LLP has discussed its independence with us, and has confirmed in such letter that, in its professional judgment, it is independent of the Company within the meaning of the federal securities laws.

Based on the review and discussions described above, with respect to the Company's audited financial statements included in the Company's 2005 Annual Report to Shareholders, we have recommended to the Board of Directors that such financial statements be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

As specified in the Audit Committee Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles. That is the responsibility of management and the Company's independent auditors. In giving our recommendation to the Board of Directors, we have relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles, and (ii) the report of the Company's independent auditors with respect to such financial statements.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

This report of the Compensation Committee and the following Performance Graph shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

Overview

The Compensation Committee policy is to design compensation programs for salaries, incentive bonus programs, other benefits, and long-term incentive programs for all key executives, including the officers named in the Summary Compensation Table. The goals and objectives of the Committee are to attract and retain top quality management employees and ensure that an appropriate relationship exists between executive pay and the creation of shareholder value. The criteria used to determine the compensation of the Chief

Executive Officer will also be used in determining compensation for the other officers. The Committee will also receive the recommendation of the Chief Executive Officer regarding the compensation of the other officers.

Federal tax law imposes a \$1 million limit on the tax deduction for certain executive compensation payments. Because the compensation paid to any executive office is significantly below the \$1 million threshold, the Compensation Committee has not yet had to address the issues relative thereto.

Salaries

The executive salaries are reviewed annually. The Committee sets executive salaries based on competitive market levels, experience, individual and company performance, levels of responsibility, and pay practices of other companies relating to executives of similar responsibility. The Committee considered the compensation levels of executives at comparable companies and fixed the compensation for the CEO and other executive officers at levels approximating the midrange of such companies. The Committee includes in its consideration comparable companies listed in the CRSP Index for lumber and wood products and other in building products industries. See "Performance Graph."

Annual Incentive

The Company provides an annual bonus plan for executive officers that gives them the opportunity to earn additional compensation based on the performance of the Company. The Chief Executive Officer and the other officers share in this program to achieve certain bonus amounts based on various levels of profitability of the Company.
